

Principal's Report December 14, 2020

Charter Goals

Goal #1 Show an annual increase in the percentage of graduates that are college and career ready as defined by the state.

Goal #2 Show an annual increase in student participation in additional rigorous coursework through positive relationships, community building activities, family engagement, and student support.

Goal #3 Show an annual decrease in the achievement gap for historically underachieving populations (SPED, ELL, socio-economically disadvantaged, and minority students).

Academics/School Update of Events

Plexiglass Project

The plexiglass project is proceeding as planned. The materials have been received and are being fabricated. The student barriers will be installed over the holiday break.

2nd Semester Virtual/In-person Request

A phone call and email blast will go out tomorrow evening to parents informing parents of the instructional choices for the second semester. We will offer an in-person and virtual option for our parents. By default, students will be put in the in-person instructional cohort. Selecting the virtual academy will be a commitment for the remainder of the school year. Again, moving back and forth from the virtual to in-person is nearly impossible. Replicating their schedule is nearly impossible. The various issues are listed below.

- Current course available in the master schedule without conflicts
- Some courses differ from the VA to Hybrid
- Seats available in each course on orange or blue days
- VA and In-person courses operate having different pacing guides (Edgenuity vs traditional)

EngageSC

ENGAGE South Carolina is a partnership between the South Carolina Department of Education and Graduation Alliance to assist students and families who may be struggling to adapt to new learning schedules and environments. We are hopeful this free program offered by the state will offer additional support to students that have struggled since last spring. JCHS was allotted 103 seats. Guidance Counselors and Admin collaborated on their caseloads to recruit eligible students. Below are the criteria for eligible students:

Students who are in grades k-12 and who:

- did not engage in their school's in-person or remote education offerings in Spring or Fall 2020, or
- are chronically absent, or
- are in danger of failing one or more classes, or
- are McKinney Vento eligible or are in foster care, or
- students whose families have requested additional support.

School Choice

We are once again participating in the School Choice Application through CCSD. A virtual School Choice Fair is scheduled for January 30, 2020, from 9:00 am to 12:30 pm. The application window is from January 26, 2020, to February 26, 2020. The acceptance window for parents is April 22, 2020. All dates are tentative at this time.

Technology Update

Technology continues to focus on computer and computer-related maintenance. Technology is also evaluating current building needs in the context and framework of the CCSD expansion project so that we bring our legacy network up to the same standards as the new wing and new building. The eRate exchange filings are part of this process.

Safety Update

- Daily classroom fogging at the direction of the Clinic.
- Ensuring all students and staff continue to follow Covid 19 safety protocols.
- Assisted SRO with a missing student.

Construction Update

CTE- Construction continues as planned.

New Competition Gym- The CCSD Board of Trustees is voting tonight on the proposed bid for this project. The project has to go to the CCSD Finance Committee to request additional funds due to the budget shortfall. We are hopeful the project is approved.
