## Positive Student News

### **Signing Day :**

**One of the largest signing classes in school history:**

### **Concerns:**

COVID issues and contact tracing

Baseball field draining issues and new infield needed

Tennis Court Resurfacing

Game Field may need middle resodded after season (holding up good right now but getting a lot of play on it)

Practice fields behind the stadium need to be re irrigated, laser leveled, and resodded (hopefully the district will do this)
