## **Positive Student News**

School earned the Sportsmanship Award from the SCHSL this year. One of only 3 schools in the state in all classifications to earn this. You win the award by doing community services and by your coaches and players not being ejected during the year.

**Concerns:**

COVID issues and contact tracing

Baseball field draining issues and new infield needed

Strength Coach Needed

Game Field may need middle resodded after season (holding up good right now but getting a lot of play on it)

Practice fields behind the stadium need to be re irrigated, laser leveled, and resodded (hopefully the district will do this)

Working on getting Booster Club running the way it should be.
