

JICHHS Leadership Team Report

16 April 2018

LEADERSHIP TEAM:

- ❑ The Leadership Team will begin to create a strategic plan for JICHHS. This process will allow up to evaluate our standing in areas such as communication, student achievement, & learning environment. This data will allow us to set long-term goals for our school and outline strategies by which we will meet those goals.

MEDIA CENTER:

- ❑ Visited CRMS to introduce the JI Reads program and have our rising 9th graders select books. Each student may receive their own free copy.
- ❑ LOTS of research going on throughout the building; your support of the library budget allows for us to easily purchase materials both in print and online to meet these demands. We completed the school-wide research manual with the help from other departments and have been introducing it during PLC time. So, thank you again, for approving the planning time for teachers on Wednesday morning.

FINE ARTS:

- ❑ Band, Chorus, and String Orchestra took all of their ensembles to State Music Performance Assessments around the state in March.
- ❑ The JICHHS Band received a Superior with Distinction Rating which is the highest rating an ensemble can obtain. All five judges in music performance and in sight reading rated our band as Superior!
- ❑ The JICHHS Concert Orchestra received straight Superiors from all their judges in music performance and in sight reading at State MPA's as well. (We don't have a "Distinction" rating in our division).
- ❑ JICHHS Chamber Choir Received an Excellent rating at the Choral State MPA. This is an improvement since last year.
- ❑ Check out the JICHHS Bands of the Island Facebook page if you don't already follow them. <https://www.facebook.com/JICHHSband/> They have posted recordings of their Pre Festival concerts there. Most have been shared on the JICHHS Communications page already.
- ❑ Emily Adkins in our Art Department help us place 3rd place for Visual Arts in Division 4 for Quest
- ❑ IB Art students, Isabella Floyd and Lindsey Newton, who are both doing their assessments this year exhibited their work in the library on Tuesday, March 27. It was fantastic!
