Athletic Director Report

Roll Call:

Coach Allred and I have been present for all home events. I will be driving Boys Lacrosse to Playoffs

Athletics Facilities update:

- We want to look into more lockers in field house
- May need to sod the game field from end zone to end zone down the middle of field
- Practice fields behind football field need to be lazer leveled and look at ways to get better grass coverage.
- Maintenance has done a great job with keeping the fields look as good as they can look.
- We purchased a REEL Mower from Wando to use on game fields only next year. Helps keep grass tighter and aesthetically looks better.

Upcoming Events:

- ❖ April 9th we will honor Chessington Marshall , former softball player killed by domestic violence, with a tree planting ceremony at the softball field.

Future Plans:

- ⚙ Working on a 4 year Athletic Strategic Plan
- ⚙ Work on Emergency Action Plans for Athletic Events, and Practices
- ⚙ Coaching Evaluation System to be implemented for next year
