

# JICHHS Leadership Team Report

21 May 2018

## **LEADERSHIP TEAM:**

- ❑ The leadership team continues to work on the JICHHS strategic plan. This work will continue through the summer. Thanks so much to the Board members who are assisting us with this endeavor.
- ❑ The leadership team would like to welcome new department chairs for the 2018-19 school year:
  - ❑ Tracy Lyles -- Science department
  - ❑ Amy Ball -- Media Center

## **MEDIA CENTER:**

- ❑ The media center again hosted (along with Keep it Kind and Students in Action) stress therapy dogs from local shelters. Students could spend their lunch periods spending time with the dogs to forget the stress of final exams for just a while.

## **ENGLISH:**

- ❑ The theatre program -- in conjunction with James Island Players -- hosted a production of *Hello Dolly!* in the Performing Arts Center. The weekend run of this production was a smashing success. We want to congratulate Ms. Lindsey Jensen, our theatre teacher, for an amazing and successful school year as she has worked tirelessly to build a respectable theatre program @ JICHHS!

## **CTE:**

- ❑ Congratulations to the Business Professionals of America students who competed this past weekend in Dallas, TX. Sophia Mitchell placed top ten in Digital Media Production. Andrew Pennington placed top ten in PC Servicing & Troubleshooting.  
Congratulations to the BPA students who received their industry certifications:  
Andrew Pennington and Anthony Johnson in MTA Windows Operating System Fundamentals  
James Barefoot in MTA Security Fundamentals
- ❑ Cooper Weekley, senior, recently became CompTIA A+ certified. This certification involves passing two rigorous tests on hardware and operating systems.
- ❑ Matthew Daugomah and Michael Lambooy, both seniors, passed part 1 of the CompTIA A+ certification exam.
