February 25, 2022

1. The electric security gate in front of the gym has been replaced, and is operating as it should.
2. The school's emergency generator had its yearly P.M. inspection, it passed with no issues.
3. A four-way security camera has been added to the loading dock/kitchen entrance area to give added camera coverage to the campus security system.
4. The JICHHS Maintenance Department received and processed 84 work orders from 1/24 to present.
5. The HVAC filters finally came in for our campus last week, and they were changed campus wide last Monday.

Marty Monette  
Facilities Director, JICHHS
