Aug. 20th 2018

1. Security fence and gates have been installed on either side of school access allowing the campus to be secured during the school day.
2. The main school electrical transformer was replaced by SCE&G following July's power failure. JICHHS had 820 ft. of 500mcm power cable replaced due to a direct ground between the schools main transformer and the main electrical room.
3. Auxiliary soccer field was sprigged last month and is ready for use.
4. A new security camera DVR and 20 new upgraded cameras were added to the TYCO camera system.
5. Removed the wall between 711 and 712 to enlarge the networking and computer repair classroom.
6. Rekeyed the exterior doors of the main building to further enhance security of the building.

Marty Monette
Facilities Director, JICHHS
