	Labor	\$ 7,992.50
	Other Costs	\$ 0.00
	System Grand Total	\$ 48,285.58

This quote does not include materials for the pending expansion of the school. However, the card cage does contain enough space to add cards for that expansion when needed.

Please note that due to the dissolution of Dukane as a company, cards and other replacement parts are no longer available for your existing StarCall system outside of any inventory CCSD may have from updating other Dukane systems in the district.
